Proposal for
Digital Marketing Strategy

Think digital, think strategy, think interaction
Overview

The digital medium in Mauritius

Digital marketing is defined as the use of all digital channel as medium of marketing and this include Radio, TV and now the internet.

Today internet offers perhaps the most dynamic medium of marketing both in terms of opportunities and audience. The Internet side of Digital medium as a marketing channel is a relatively new in Mauritius and is principally compose of Email marketing and Social Network Marketing, even though there are other less used solution like SMS marketing.

We have very little information gathered around the state of digital marketing in Mauritius but yet from observation we know that it is clearly dynamic with more and more companies moving from using only traditional medium to a mix of traditional and non-traditional medium.

Our vision

Premium Concept & Design, maximum interaction

SOCIALIZE

Use social networks to drive traffic but most of all to create awareness and build your brand value

MAXIMISE

Know your target and maximise exposure by multiplying your presence across channels
- use mass mailing to create traffic but also to build your database
- capture data to create your own mailing list and sms database
- Multiply channels but master one as the main focal point or simply drive them to your website
- Be smarter than your competitor
- Use AB testing
- Go for online PR

INNOVATE

Go for mix media, innovate with events, road shows and demos. Make interactive games and go for GIFTS
